

BT MOLZ

## LUXURY TRANSFORMATIONS

HOUSE AND GARDEN SPECIALISTS

BT Molz is a luxury building service transforming homes in Melbourne's Bayside and south east suburbs. Flexible in their approach to building homes, from period styles through to modern and contemporary, BT Molz provide high quality workmanship and services in building and construction, project management, design and landscaping.

BT Molz can provide various building services, whether you want to build a new home, add an extension, renovate an existing home or develop units and townhouses. Their tradespeople are fully qualified, take pride in their work and pay close attention to high level of service, quality and detail.

Their project management services help those people with busy lifestyles. They strive to be the mediator between you and all other parties including architects, draftspersons, engineers, councils, interior and landscape designers as well as tradespeople.
